MAYOR ROOP’S MESSAGE

Finally!!! I can start my Mayor’s report with great news regarding the new waste water treatment plant loan. On Wednesday, June 20, the Maryland Board of Public Works approved the \$2M grant for the Town of New Windsor. Some paper work still needs to be completed before we actually see our loan re-amortized. This should be completed by mid July. Our second loan payment due on February 1, 2013 of \$100,000 will remain the same. Beginning on February 1, 2014 our loan payment, which was scheduled to be \$206,026.33, will decrease to \$94,915.22 a year for the balance of the loan. The original loan agreement called for lower payments for the first two years.

I want to take this opportunity to thank two individuals who played very important roles in the Town receiving the \$2M grant. These individuals are Delegate Donald Elliott (R), District 4B and Delegate Maggie McIntosh (D), District 43. Usually, I prefer not to designate parties when addressing our state representatives. However, I feel it needs to be acknowledged that our financial hardship was extremely important to these two individuals and that they saw a need to work in a bipartisan way to find common ground and a solution to a serious problem. And we can’t forget to thank Senator David Brinkley, who along with Delegate Elliott secured a \$550,000 supplemental grant last year to help offset our waste water treatment plant loan.

Thank you and credit goes to Roma Green and Col. Ray Strawser, Chaplain, US Army, Retired, for making our Memorial Day Ceremony very memorable. Roma for practically put the program together single handedly; Chaplain Strawser for a very moving and heartfelt message from his experiences of his Vietnam service. His theme “Never Forget” made everyone stop and think about how blessed we are and to truly remember those who have served in the United States Armed Forces. Thank you to those who attended the Memorial Day Ceremony and for honoring our veterans.

While only one day of the year is dedicated solely to honoring our veterans, Americans must never forget the sacrifices that many of our fellow countrymen have made to defend our country and protect our freedoms.

HELP KEEP HARMFUL POLLUTION OUT OF THE CHESAPEAKE BAY

You may have noticed storm drains around the Town being painted blue. Rain water that runoff from your neighborhood eventually drains to the Chesapeake Bay. You can help clean up the Bay by stenciling the words "**Don't Dump—Chesapeake Bay Drainage**" on storm drains in your area. This message will help members of your community remember that nothing but rain water should enter the storm drains. **Please call the Town Hall at 410-635-6575 to volunteer to help paint and stencil all the inlets in New Windsor.**
